2. As per Article 574(1) of the Mysore Account Code, Volume III part I, Establishment and Tools and Plant charges at 17½ and ½ per cent respectively will have to be charged. But Government while sanctioning the estimate for constructing the Musafirkhana at Hassan and entrusting the work to the P.W.D. have in para 2 of their order No.L.4778-80/L.B.42-22-13 dated the 4th January 1923 directed that the levy of such charges be waived. But if Government are pleased to extend the same concession in the case of constructing the out-house as well which is entimated at Rs 985 by the Executive Engineer, I have no objection to it. The amount of the estimate as scrutinised in this office comes to Rs 1,025. The difference of Rs 40 is due to the higher scheduled rates being provided for Cuddapah slab flooring and tiles; this is considered necessary if slabs and tiles of good quality are to be used.

In this connection it may be mentioned that the estimate for the work sanctioned by Government for Rs 11,610 for constructing the Musafirkhana in their order No.L.2261-2/L.B.69-21-1 dated the 12th October 1921 has not yet been closed. The outlay on the work up to end of December 1925 is Rs 9,530. Hence the present estimate will have to be treated as supplemental to the one sanctioned for Rs 11,610 in October 1921.

Sir,

In forwarding herewith an estimate for Rs 985 in duplicate for constructing an out house to the Musafir hana near the Railway Station at Hassan, as scrutinised by the Executive Engineer, Hassan Division, together with an extract from the proceedings of the meeting of the District Board, held on 24th October 1925, I have the honor to state that owing to the insufficiency of accommodation in the Musafirkhanas and in order to keep the main building clean, the question of constructing a separate outhouse to the said musafirkhana was considered by the Board and provision was accordingly made in the budget estimates of the Hassan District and Taluk Boards to meet the cost of such construction. The Board also has approved of the estimate at its meeting held on 24th October 1925.

I therefore request that you will be so good as to kindly obtain early sanction of Government to the said estimate, the cost being met out of Rs.1500/- provided under "B", Public Works, in the budget estimates of this Board for the current year.
